

PROJECT V.E.T.S. *healing* THE PLANET ONE ANIMAL AT A TIME.

www.projectvets.org

We are a U.S. based 501(c)(3) non-profit organization dedicated to improving the health and welfare of animals around the world by collecting veterinary equipment, technology and supplies (V.E.T.S.) which we then distribute to veterinarians working worldwide in animal related non-profits and NGOs. In this way, we not only help the animals of our planet, but we also conserve valuable resources that might otherwise end up in a landfill. Currently, we serve 78 Recipient Organizations in 43 countries around the world.
